

CAREERS NEWSLETTER

This newsletter is a collation of all the opportunities we have heard about from employers and universities. Please use the links included to read more information and apply to anything you are interested in. Links are underlined.

OPPORTUNITIES

UCAS have released their data about applications to university this year. Their data shows 316,850 UK 18-year-olds have applied to university or college this year – an increase of 0.7% from 2023 and the second highest on record. You can read more about this here and if you're interested in learning more about studying a degree via university or a degree apprenticeship, you can create a UCAS Hub account here.

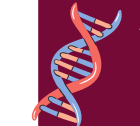

In the summer of 2023, University City London welcomed students from over 225 universities in more than 50 countries, making the UCL Summer School a truly international experience in the heart of one of the world's most dynamic cities. They have just opened 2024 Summer School applications.

UCL not for you? No problem! Most universities offer a summer school experience so search the name of the university you're interested in followed by "summer school" to find the right web page to read more/apply.

National Careers Week 2024 takes place from 4th-9th March. Check out this employability checklist to learn about some tasks that you can do any time. Speak to your form tutor about the activities taking place during this week Or join the NCW Zoom chat about your future options, here.

Advanced Therapies Apprenticeship Community (ATAC) develop apprenticeship programmes, designed to train and upskill individuals for the ever-growing and thriving life sciences industry. You can read more about their opportunities here.

RISE UP help young people to prepare for, access and succeed in employment, apprenticeship and work experience opportunities with progressive employers. Read more here.
