

LOCAL GOVERNING BODY

Introduction

AKS Lytham is part of United Learning, which comprises UCST and ULT with respective responsibility for independent schools and academies. United Church Schools Trust is governed by the UCST Charity Board. Each UCST school has its own Local Governing Body (LGB).

What does the Local Governing Body do?

As a single charity, the UCST Board is ultimately accountable for all statutory functions. The LGB acts on behalf of the Charity Board at local level and so, although not accountable for statutory functions, is responsible for ensuring that the school operates effectively in line with the vision set out by the Charity Board.

The Headmaster and the senior leadership team, who attend all LGB meetings, are responsible for the management and performance of the school.

The role of the LGB is to understand, advise, challenge, support and enable the school to be outstanding and to deliver the aims of the charity: “the Best in Everyone”. It does this through being proactively engaged with the school and:

- 1) Acting as a ‘critical friend’ to the school by monitoring, evaluating, supporting and challenging the performance and progress of the school, in order to ensure the delivery of educational excellence.
- 2) Working with the school to create and further develop policies and procedures, ensuring their implementation in order to meet statutory requirements and to further increase the pace of the school’s development and improvement.
- 3) Fulfilling an outward facing role utilising its collective skills to promote the school in the local community.

The specific role and responsibilities of the UCST Board and the LGB are detailed in the ‘United Learning LGB Handbook’, of which each member of LGB has a personal copy.

Of the 16 LGB members, a large number are current or former parents or grandparents of pupils at the school.

What are the Local Governing Body sub-committees?

The LGB has the following sub-committees:

- a) Education and Welfare
- b) Finance
- c) Health and Safety
- d) Heritage
- e) Marketing and Strategy
- f) Nominations
- g) Building & Facilities
- h) Nursery & Preparatory School
- i) Risk Management

How are the members of the LGB involved in the school?

- 1) There is an annual schedule of full LGB meetings and sub-committee meetings, which include respective reports, updates and discussions of school business and implementation of procedures.
- 2) Each member of the LGB has an allocated responsibility for specific regulatory policies, working alongside the WSLT to provide additional support, advice and ratification whenever a policy is reviewed or updated. This process complements the work of the United Learning Compliance Office, which circulates regular compliance updates as required.
- 3) Each member of the LGB is affiliated with a specific area of the school, either academic or pastoral, and by mutual arrangement with the appropriate member of staff commits to at least 1 termly visit. Such visits include one or more from the following:
 - a. Attend a scheduled meeting
 - b. Watch some teaching and learning
 - c. Be present and visible at a particular formal or informal event in that area
 - d. Be present and visible at a parents' evening
 - e. Attend an assembly and maybe hand out some awards

The purpose of the visit is to help all LGB members be sufficiently aware of the day-to-day workings of the school, as well as provide staff with a direct point of contact and support on the LGB. Each term, all LGB members send the Chair a brief statement of what their involvement has been, together with any opinion, comment or suggestions, as applicable.
