

## North Fylde Music Circle – Spring 2022 Concerts Covid Guidelines

Although the Government has announced that for England virtually all legal Covid restrictions have been lifted, we know that the pandemic is not over and infections continue. We no longer have a legal duty to implement measures to protect against Covid infection, but many of us wish to take a prudent view, that is to take reasonable steps to protect the safety and health of all our patrons. To that end we would ask you to read the following points carefully.

1. We would request members who are able, to consider whether wear a face mask when entering and leaving the building, and when moving around it.
2. We may open doors and windows available, in order to maximise the natural ventilation. This will be done before the concert starts.
3. We ask that when socialising to bear in mind others preferences in this regard.
4. When queueing and elsewhere we ask that you observe some social distancing.
5. It goes without saying that if you or anyone in your household or immediate circle tests positive for Covid - or displays any Covid symptoms – you should seek medical advice and **NOT ATTEND concerts until advised that you are safe to do so**. Also we would request anyone who is feeling unwell not to come.
